MEMORANDUM FOR: ADSO & ADPC

SUBJECT: Proposed T/O for TRD

1. Attached is a proposed T/O for the TRD of OSO and OPC. It is based upon the combined estimated student load of OSO and OPC for 1950 as follows:

Staff training
Administrative training
Investigative techniques training [redacted] 25X9A2
Covert training
Paramilitary area training

2. The proposed T/O is divided into five parts as follows:

a. Page (1) - Headquarters and training support
b. Page (2) - Staff Training Branch
c. Page (3) - Covert Training Branch
d. Page (4) - Area Training Branch
e. Page (5) - Analysis of Approved and Proposed T/O's

3. The numerical difference between the proposed T/O and the existing T/O's is 42. It will be noted that of this difference 25 persons will be employed in paramilitary area training for which there is no approved T/O. Up to the present time the OPC type of activities have not been included in covert training. Estimates indicate that this must be considered in the future and the covert training staff is increased by six. The increases in the staff training branch and the training support are felt to be justified in light of the estimated training loads for those branches. It will be further noted that the amalgamation of the two staffs will result in a reduction of six training headquarters personnel.

4. It is felt that this is a minimum T/O to conduct the planned courses of instruction and the estimated student load. Request approval.
